Thanks for filling out [Local Homeless Coordinating Committee \(LHCC\) Quarterly Report](#)

Here's what we got from you:

EDIT RESPONSE

Local Homeless Coordinating Committee (LHCC) Quarterly Report

This form is filled out by each LHCC and was created to ease the process of transferring attendance and performance reports to the CoC. If there are any questions concerning this form, please contact your local Board Member representative, the BoS executive committee, or Jennifer Domenici (jdomenici@utah.gov or 801-803-3173)

Email address *

peggyg@careandshare-ut.org

Indicate the quarter for which you are reporting *

Quarters are roughly based off the time the strategic planning priorities would have been updated (i.e. quarter 1 starts December 1).

- Quarter 1 (December 1-February 28, 2019); Due March 6th
- Quarter 2 (March 1 - May 31, 2019); Due June 5th
- Quarter 3 (June 1 - August 31, 2019); Due September 4th
- Quarter 4 (September 1 - November 30, 2019); Due December 4th

Select which LHCC you are reporting for *

Attendance & Representation

Effective planning at the local level is dependent upon community collaboration and participation from a variety of voices that intersect with homeless service delivery. This reporting section gathers information related to the number of meetings held, specific target populations to include in 2016-17 and general HUD categories for inclusion.

How many LHCC meetings were held within the reporting quarter?

LHCCs should meet a minimum of four times a year or once per quarter.

3 ▾

Of the LHCC meetings held during the reporting quarter, how many meetings were attended by a formerly/currently homeless representative?

The CoC goal is to have at least 50% of all LHCC meetings be attended by a formerly/currently homeless person in 2016-17

3 ▾

Of the LHCC meetings held during the reporting quarter, how many meetings were attended by a representative of the local Community Action Agency?

The CoC goal is to have at least 75% of all LHCC meetings be attended by a representative of the local Community Action Agency.

3 ▾

Of the LHCC meetings held during the reporting quarter, were public invitations extended to new members? *

- Yes
- No

Did the LHCC make a strategic visit and/or provide training for an elected official during the reporting quarter?

This includes either a strategic visit with an elected official or a training given to an elected official. The CoC goal is for this to happen at least once during the year if not more frequently.

- Yes
- No

Did the LHCC invite local landlords to participate in meetings during the reporting quarter? *

- Yes
- No

Of the LHCC meetings held during the reporting quarter, were LGBTQ providers or advocates present, or was LGBTQ training provided?

- Yes
- No

Of the total LHCC meetings held during the reporting quarter, how many times did each of the following representatives attend? *

This list represents each of the coordinating sectors that should be represented on the LHCC from within your community per HUDs recommendation. LHCCs may wish to use the BoS supplemental application Part 2 to identify who within their region represents each organization/category. For those that are not present in your geography, mark "Not Applicable."

Option 1

Making Decisions Based on Data

The Balance of State CoC is committed to improving performance by making community decisions based on real data. Accordingly, the CoC has set a goal to review specific reports at least quarterly, engage in an annual planning meeting to look at the bigger picture and engage in training that communicates data trends across program types.

Did the LHCC review the quarterly PIT at one of the meetings during the reporting quarter?

This report is posted on the Homeless Management Information System (HMIS) website. To mark yes, LHCCs should distribute the report, look at any unique trends from the prior quarter, any seasonal trends from the prior year, and utilization rates. Any low utilization rates or unique trends should be discussed within the LHCC meeting, targeted with appropriate action item and communicated with the CoC.

- Yes
- No

Did the LHCC review the quarterly data quality report at one of the meetings during the reporting quarter?

This information will be posted on the Homeless Management Information System (HMIS) website. To mark yes, LHCCs should distribute the report and review any data categories that are higher than the recommended thresholds. If an agency/program is outside of the threshold, LHCCs should offer brainstorming and support to adjust accordingly and hold the agency/program accountable for these adjustments in subsequent meetings.

- Yes
- No

Did the LHCC review the quarterly program performance report at one of the meetings during the reporting quarter?

An LHCC report will be distributed by the State Homelessness Programs Office (HPO), but is not available for 1st quarter reporting. Please SKIP this question in quarter 1 and discuss this responsibility with your LHCC to find ways to incorporate it effectively into your meetings and community planning.

- Yes
- No

Has an annual systems planning meeting been conducted this reporting year?

This meeting can be scheduled as an extended existing LHCC meeting or as an additional LHCC meeting. It may be conducted by LHCC leadership or the CoC Coordinated and should include: a review of BoS strategic planning priorities; a review of the most current PIT and performance data, housing inventory and utilization rates, homeless sub-populations and related available services; a review of the coordinated entry process and progress; and an evaluation of strengths and gaps identified in any of the above or otherwise in the local community service-delivery system. The meeting should also include an action planning portion to set local goals related to the above and create an associated tasks timeline with assigned parties responsible that will become an annual plan. This can be completed at any point during the year.

- Yes
- No
- No, but it has been scheduled

Coordinated Entry/Assessment

Our community is actively using both the VI-SPDAT Pre-Screen and the SPDAT assessment tools to prioritize persons for ALL homeless housing resources

This means ALL homeless service providers participate in the coordinated entry system in your community and every homeless housing resource is filled based on the use of the service prioritization list in HMIS.

- Yes
- No

Our LHCC has reviewed the coordinated entry report at least once in the past quarter.

This report was recently updated May 2017

- Yes
- No

Is the local domestic violence services provider(s) actively adding aliases to and placing from the Coordinated Entry service prioritization list in HMIS?

- Yes
- No

Please indicate the name(s) and email address(es) of those in your LHCC who should receive reminders for this report for future quarters.
